

Application Form Woodbine Municipal Light and Power Financing Request

The Woodbine Municipal Light & Power has set aside \$75,000.00 for a 0% financing program from their cash reserves. This program provides loans to our customers for air conditioners and heat pumps with a 15 SEER rating. We will pay up to 90% of the cost, including installation, on charges up to \$3,000.00.

Requirements:

1. Must be the owner of the property.
2. Must be the primary residence of the customer.
3. Must have no late payments for the last 6 months.
4. Will have to sign a contract.
5. A lien will be placed on the property until the contract is cleared.
6. This lien will not be subordinated under any circumstances. If you are planning to refinance your home at any point during the term of this loan, please speak with your loan officer before agreeing to the terms of this financing.
7. Must pay their bills by the due date every month.
8. If the customer receives energy assistance, they must pay their monthly finance payment during the winter moratorium period.

Heat pumps will be financed for 60 months (5 years). Central Air conditioners will be financed for 36 months (3 years).

Please initial you have read the above requirements: _____
